Arrangements for Security of Test Materials:

- Upon arrival in the LEA, test materials are counted by the Test Coordinator. Any discrepancies will be faxed to TOPS within 5 days of the shipment arrival.
- Test materials will be stored in a secure, locked facility until needed and after use until securely destroyed.
- Secure materials will be stored in a locked file cabinet in the office. The Testing Coordinator and Back-Up Testing Coordinator will be the only personnel who will have access to this location. The Testing Coordinator will count out and package test materials for the school.

- On test days, the Test Coordinator will distribute materials to test administrators only. The Testing Coordinator has a system in place for test administrators to count, document the count in writing and sign for materials before testing. After testing, the Test Coordinator or designee counts, documents the count in writing, and signs materials back in at the end of each testing session.
- Test materials may not be left unattended at any time and may not remain in classrooms after testing is finished. Information written on Review of Accommodation forms and used scratch paper and graph paper may not be visible in any testing site; once used, these are considered secure materials.
