

Measure 2a. Satisfaction of Employers and Stakeholder Involvement

NCDPI Employer Satisfaction Survey Data

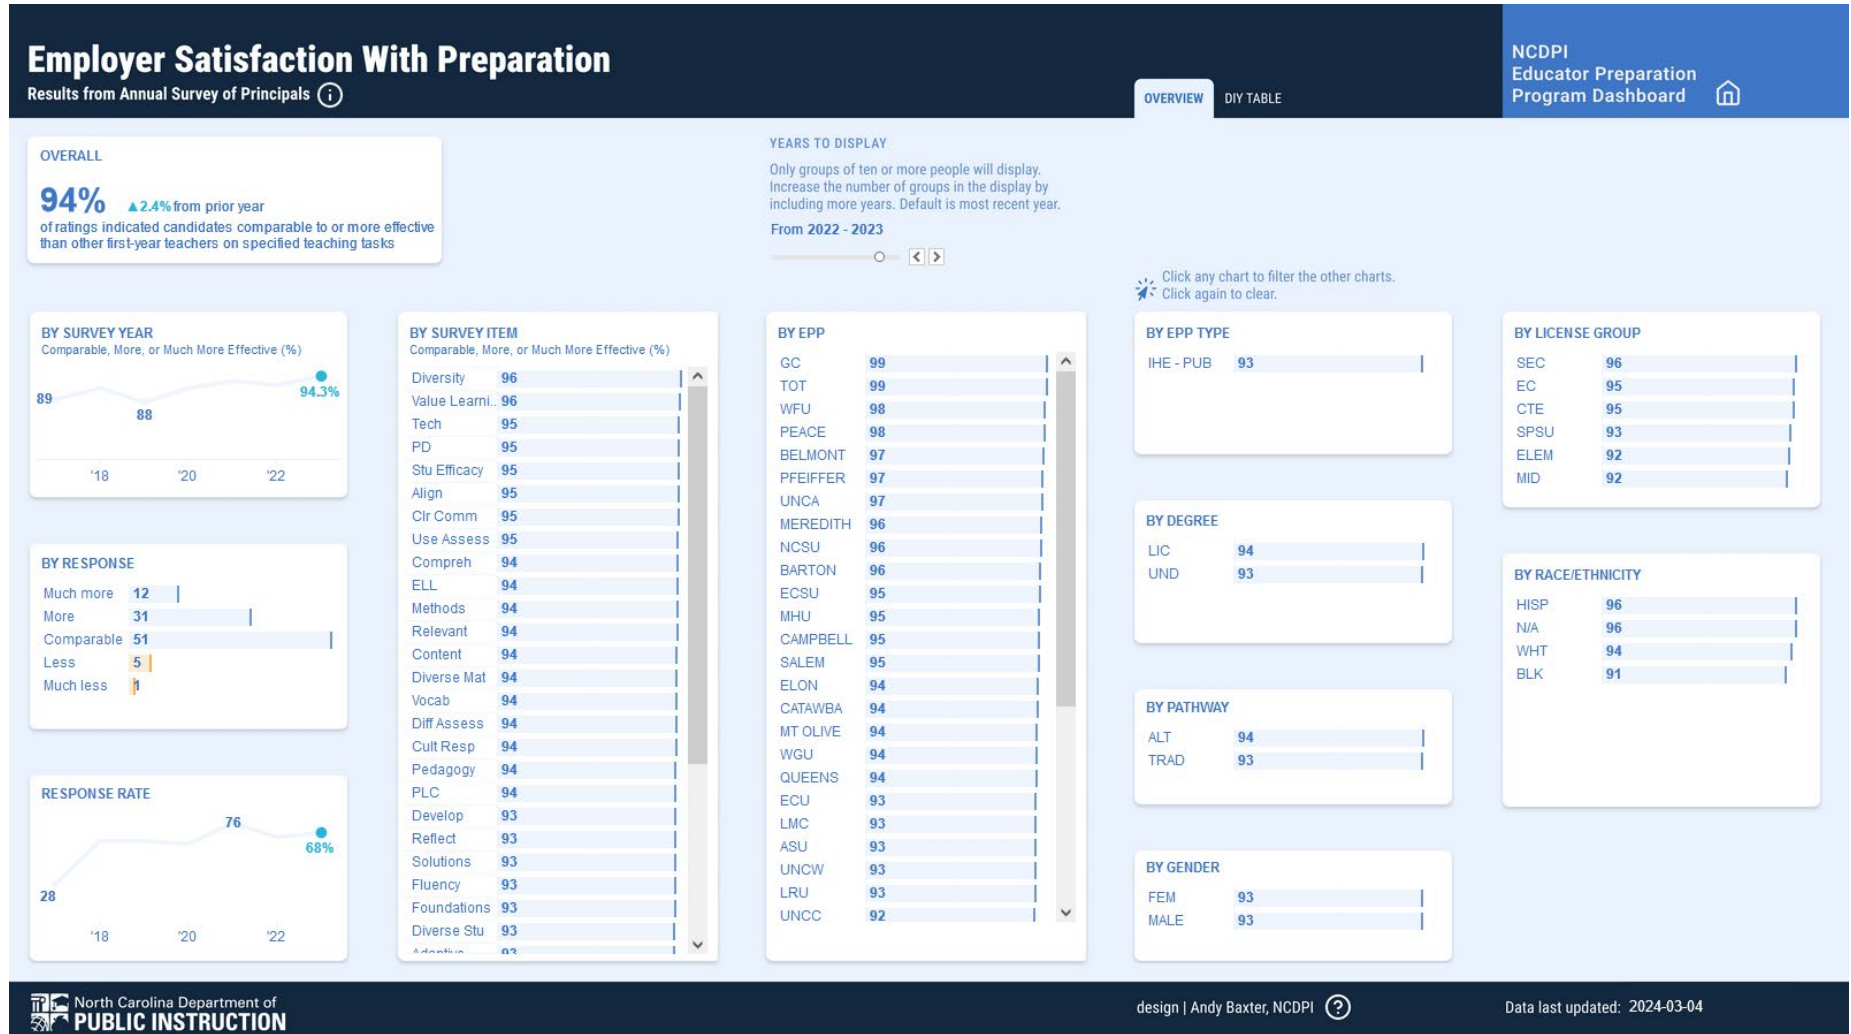

The Employer Survey is administered annually by the North Carolina Department of Public Instruction (NCDPI) to principals employing first-year teachers in NC public schools. The data is compiled annually and shared with EPPs; additionally, the data is presented publicly on the [NCDPI EPP Dashboard](#).

The Employer Survey consists of multiple survey items, aligned to the following NCEES standards: *Standard 1: Leadership*, *Standard 2: Classroom Environment*, *Standard 3: Content Knowledge*, *Standard 4: Facilitating Student Learning*, and *Standard 5: Reflecting on Practice*. Alignment information is published by NCDPI and SAS® and is available through the NCDPI EPP Dashboard. The Employer Survey results in this packet are organized into tables by NCEES standard. New items, including literacy-related items were added to the Employer Survey in 2018-2019.

The images below present Employer Survey results for 2022-2023. For each survey item, participants were asked to rate the effectiveness of the new teacher relative to other first-year teachers, using a 5-point Likert Scale with the following rating criteria: 1 - Much Less Effective, 2 - Less Effective, 3 - Comparable, 4 - More Effective, 5 - Much More Effective.

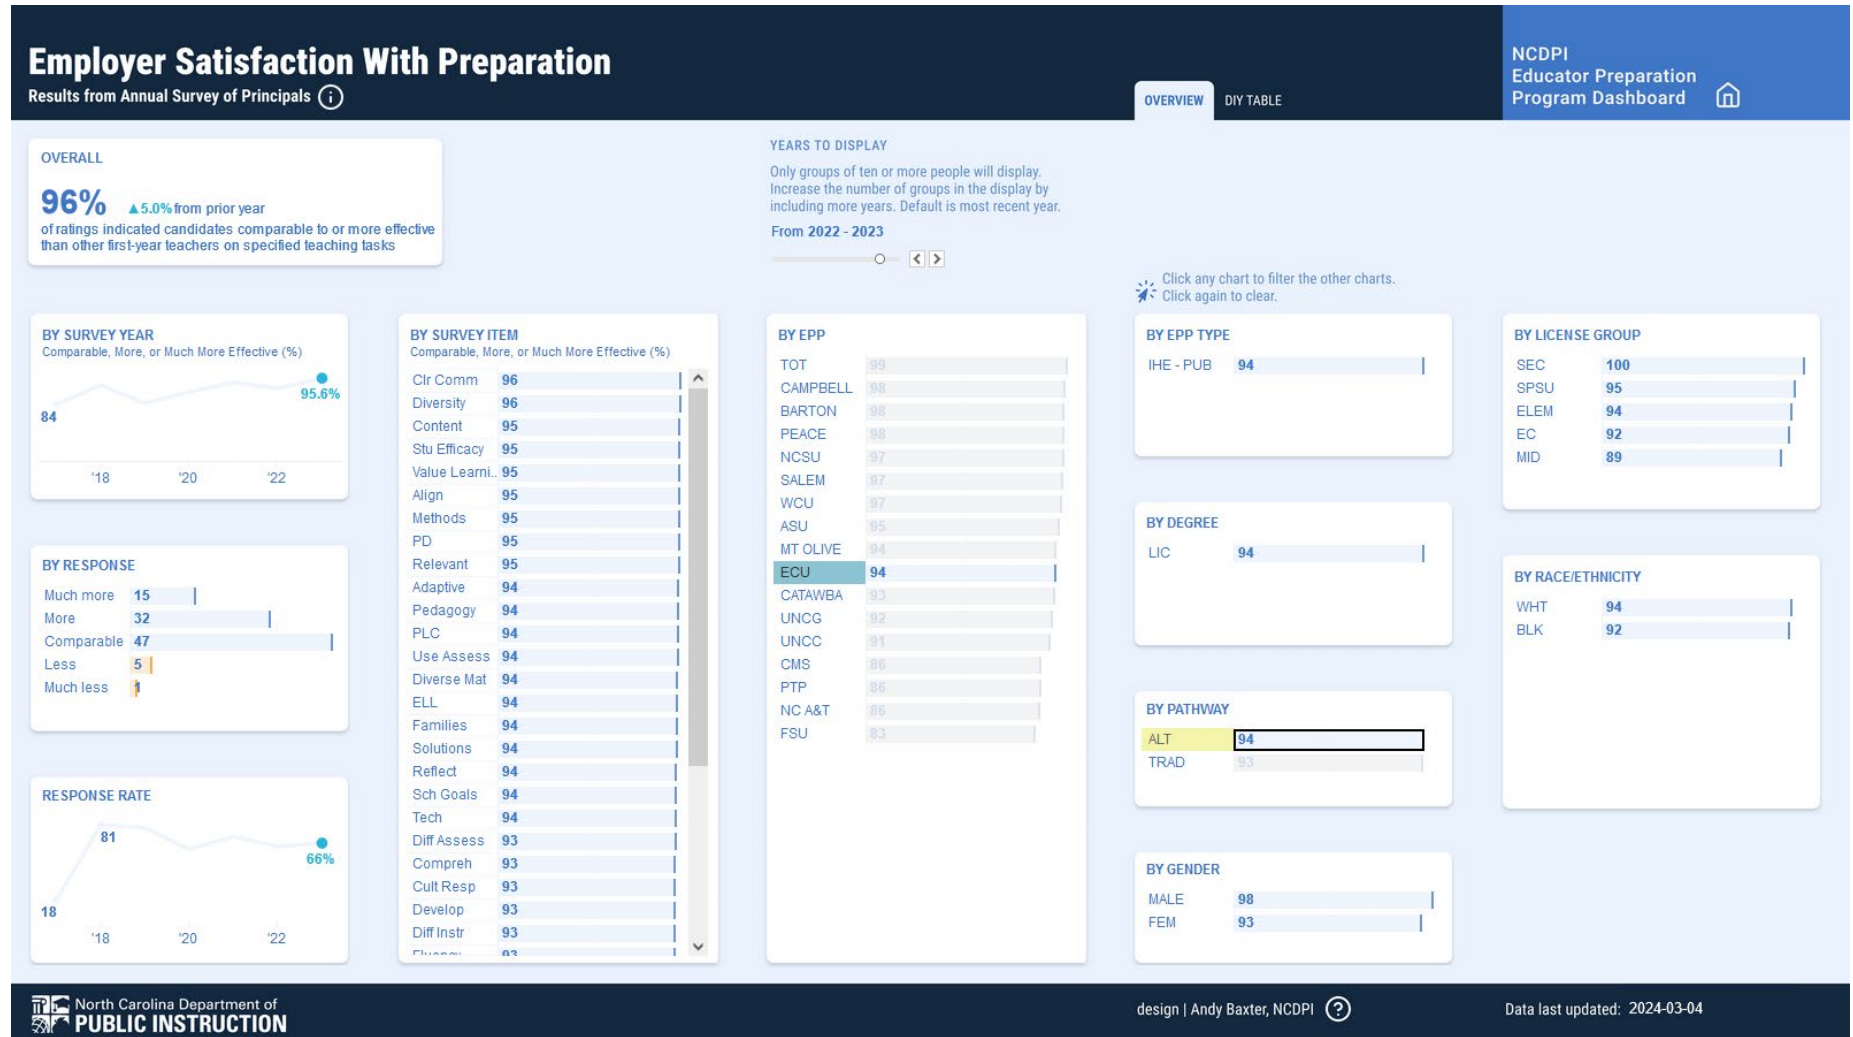

Common Abbreviations: NCEES – North Carolina Educator Effectiveness System, NCDPI – North Carolina Department of Public Instruction
